Author Index

Albrektson, A., *see* Nilsson, U. et al.
Andrae, F., *see* Sterba, H. et al.
Brown, M., *see* Cromer, R.N. et al.
Cameron, D.M., *see* Cromer, R.N. et al.
Condit, R., Hubbell, S.P. and Foster, R.B.
Mortality and growth of a commercial hardwood 'el cativo', *Prioria copaifera*, in Panama 107
Condit, R., Hubbell, S.P. and Foster, R.B.
Identifying fast-growing native trees from the Neotropics using data from a large, permanent census plot 123
Cromer, R.N., Cameron, D.M., Rance, S.J., Ryan, P.A. and Brown, M.
Response to nutrients in *Eucalyptus grandis*. 1. Biomass accumulation 211
Cromer, R.N., Cameron, D.M., Rance, S.J., Ryan, P.A. and Brown, M.
Response to nutrients in *Eucalyptus grandis*. 2. Nitrogen accumulation 231
Downes, G.M., *see* Turvey, N.D. et al.
Eriksson, G., Namkoong, G. and Roberds, J.H.
Dynamic gene conservation for uncertain futures 15
Flannigan, M.D. and Woodward, F.I.
A laboratory study of the effect of temperature on red pine seed germination 145
Foster, R.B., *see* Condit, R. et al.
Goff, N.L. and Ottorini, J.-M.
Thinning and climate effects on growth of beech (*Fagus sylvatica* L.) in experimental stands 1
Hall, J.B., *see* Kalinganire, A. et al.
Hällgren, J.-E., *see* Nilsson, U. et al.
Hans, R.P., *see* Oderwald, R.G. et al.
Hopmans, P., *see* Turvey, N.D. et al.
Hsiung, W.-Y., *see* Zhong, A.-L. et al.
Hubbell, S.P., *see* Condit, R. et al.
Kalinganire, A. and Hall, J.B.
Growth and biomass production of young *Grevillea robusta* provenances in Rwanda 73
Lambeth, C.C., *see* Wright, J.A. et al.
Lamersdorf, N.P. and Meyer, M.
Nutrient cycling and acidification of a northwest German forest site with high atmospheric nitrogen deposition 323
Maliondo, S.M., *see* Mhando, M.L. et al.
Mason, M.L., *see* Mazanec, R.A. et al.
Mazanec, R.A. and Mason, M.L.
Genetic variation in *Eucalyptus diversicolor* F. Muell. in Western Australia and potential gains from selection 285
Meyer, M., *see* Lamersdorf, N.P. et al.
Mgeni, A.S.M. and Price, C.
Planning of forest plantation investments with the aid of linear programming: a case study of Sao Hill Forest, Tanzania 51

Mhando, M.L., Maliondo, S.M. and Mugasha, A.G.
Early response of *Eucalyptus saligna* to site preparation and fertilisation at Sao Hill, Tanzania 303
Mugasha, A.G., *see* Mhando, M.L. et al.
Namkoong, G., *see* Eriksson, G. et al.
Nilsson, U. and Hällgren, J.-E.
Changes in growth allocation owing to competition for light in young fertilized Norway spruce trees 157
Nilsson, U. and Albrektson, A.
Productivity of needles and allocation of growth in young Scots pine trees of different competitive status 173
Oderwald, R.G. and Hans, R.P.
Corroborating models with model properties 271
Osorio, L.F., *see* Wright, J.A. et al.
Ottorini, J.-M., *see* Goff, N.L. et al.
Pambudhi, F., *see* Sterba, H. et al.
Price, C., *see* Mgeni, A.S.M. et al.
Rance, S.J., *see* Cromer, R.N. et al.
Roberds, J.H., *see* Eriksson, G. et al.
Rogers, H., *see* Turvey, N.D. et al.
Ryan, P.A., *see* Cromer, R.N. et al.
Shukor, N.A.A.
Recovery of *Acacia auriculiformis* from fire damage 99
Simandl, J.
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Stark, N., *see* Turvey, N.D. et al.
Sterba, H., Andrae, F. and Pambudhi, F.
Crown efficiency of oak standards as affected by mistletoe and coppice removal 39
Tomkins, B., *see* Turvey, N.D. et al.
Turvey, N.D., Downes, G.M., Hopmans, P., Stark, N., Tomkins, B. and Rogers, H.
Stem deformation in fast grown *Pinus radiata*: an investigation of causes 189
Woodward, F.I., *see* Flannigan, M.D. et al.
Wright, J.A., Osorio, L.F. and Lambeth, C.C.
Development of a tree improvement program with *Pinus maximinoi* in Colombia 313
Zhong, A.-L. and Hsiung, W.-Y.
Evaluation and diagnosis of tree nutritional status in Chinese-fir (*Cunninghamia lanceolata* (Lamb) Hook) plantations, Jiangxi, China 245

Forest Ecology and Management, 62 (1993) 370–373
Elsevier Science Publishers B.V., Amsterdam

Subject Index

Acacia
Recovery of *Acacia auriculiformis* from fire damage 99
Acidification
Nutrient cycling and acidification of a northwest German forest site with high atmospheric nitrogen deposition 323
Arthropods
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Atmospheric input
Nutrient cycling and acidification of a northwest German forest site with high atmospheric nitrogen deposition 323
Biomass
Growth and biomass production of young *Grevillea robusta* provenances in Rwanda 73
Response to nutrients in *Eucalyptus grandis*. 1. Biomass accumulation 211
Climate
Thinning and climate effects on growth of beech (*Fagus sylvatica* L.) in experimental stands 1
Community
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Competition
Changes in growth allocation owing to competition for light in young fertilized Norway spruce trees 157
Productivity of needles and allocation of growth in young Scots pine trees of different competitive status 173
Conservation
Dynamic gene conservation for uncertain futures 15
Coppice removal
Crown efficiency of oak standards as affected by mistletoe and coppice removal 39
Corroboration
Corroborating models with model properties 271
Crown efficiency
Crown efficiency of oak standards as affected by mistletoe and coppice removal 39
Cunninghamia lanceolata
Evaluation and diagnosis of tree nutritional status in Chinese-fir *Cunninghamia lanceolata* (Lamb) Hook) plantations, Jiangxi, China 245
Diprionidae
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Eucalyptus
Early response of *Eucalyptus saligna* to site preparation and fertilisation at Sao Hill, Tanzania 303

Genetic variation in *Eucalyptus diversicolor* F. Muell. in Western Australia and potential gains from selection 285
Response to nutrients in *Eucalyptus grandis*. 1. Biomass accumulation 211
Response to nutrients in *Eucalyptus grandis*. 2. Nitrogen accumulation 231
Ex-pasture
Stem deformation in fast grown *Pinus radiata:* an investigation of causes 189
Fagus
Thinning and climate effects on growth of beech (*Fagus sylvatica* L.) in experimental stands 1
Fast-growing trees
Identifying fast-growing native trees from the Neotropics using data from a large, permanent census plot 123
Fertilisation
Early response of *Eucalyptus saligna* to site preparation and fertilisation at Sao Hill, Tanzania 303
Fertilizer
Response to nutrients in *Eucalyptus grandis*. 1. Biomass accumulation 211
Response to nutrients in *Eucalyptus grandis*. 2. Nitrogen accumulation 231
Fire damage
Recovery of *Acacia auriculiformis* from fire damage 99
Gene conservation
Dynamic gene conservation for uncertain futures 15
Genetic variation
Genetic variation in *Eucalyptus diversicolor* F. Muell. in Western Australia and potential gains from selection 285
Germination
A laboratory study of the effect of temperature on red pine seed germination 145
Grevillea robusta
Growth and biomass production of young *Grevillea robusta* provenances in Rwanda 73
Growing season
Evaluation and diagnosis of tree nutritional status in Chinese-fir (*Cunninghamia lanceolata* (Lamb) Hook) plantations, Jiangxi, China 245
Growth
Changes in growth allocation owing to competition for light in young fertilized Norway spruce trees 157
Growth and biomass production of young *Grevillea robusta* provenances in Rwanda 73
Identifying fast-growing native trees from the Neotropics using data from a large, permanent census plot 123
Mortality and growth of a commercial hardwood 'el cativo', *Prioria copaifera*, in Panama 107
Productivity of needles and allocation of growth in young Scots pine trees of different competitive status 173
Thinning and climate effects on growth of beech (*Fagus sylvatica* L.) in experimental stands 1
Laboratory study
A laboratory study of the effect of temperature on red pine seed germination 145
Light
Changes in growth allocation owing to competition for light in young fertilized Norway spruce trees 157
Linear programming
Planning of forest plantation investments with the aid of linear programming: a case study of Sao Hill Forest, Tanzania 51

Mistletoe
Crown efficiency of oak standards as affected by mistletoe and coppice removal 39
Models
Corroborating models with model properties 271
Mortality
Mortality and growth of a commercial hardwood 'el cativo', *Prioria copaifera,* in Panama 107
Needle productivity
Productivity of needles and allocation of growth in young Scots pine trees of different competitive status 173
Nitrogen
Response to nutrients in *Eucalyptus grandis.* 2. Nitrogen accumulation 231
Nutrient balance
Evaluation and diagnosis of tree nutritional status in Chinese-fir (*Cunninghamia lanceolata* (Lamb) Hook) plantations, Jiangxi, China 245
Nutrient cycling
Nutrient cycling and acidification of a northwest German forest site with high atmospheric nitrogen deposition 323
Nutrients
Response to nutrients in *Eucalyptus grandis.* 1. Biomass accumulation 211
Response to nutrients in *Eucalyptus grandis.* 2. Nitrogen accumulation 231
Nutritional diagnosis
Evaluation and diagnosis of tree nutritional status in Chinese-fir (*Cunninghamia lanceolata* (Lamb) Hook) plantations, Jiangxi, China 245
Picea
Changes in growth allocation owing to competition for light in young fertilized Norway spruce trees 157
Nutrient cycling and acidification of a northwest German forest site with high atmospheric nitrogen deposition 323
Pinus
A laboratory study of the effect of temperature on red pine seed germination 145
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Development of a tree improvement program with *Pinus maximinoi* in Colombia 313
Productivity of needles and allocation of growth in young Scots pine trees of different competitive status 173
Stem deformation in fast grown *Pinus radiata*: an investigation of causes 189
Planning
Planning of forest plantation investments with the aid of linear programming: a case study of Sao Hill Forest, Tanzania 51
Plantation investments
Planning of forest plantation investments with the aid of linear programming: a case study of Sao Hill Forest, Tanzania 51
Prioria copaifera
Mortality and growth of a commercial hardwood 'el cativo', *Prioria copaifera*, in Panama 107
Provenance trial
Recovery of *Acacia auriculiformis* from fire damage 99
Quercus
Crown efficiency of oak standards as affected by mistletoe and coppice removal 39

Recovery
Recovery of *Acacia auriculiformis* from fire damage 99
Sawfly
Canopy arthropods on Scots pine: influence of season and stand age on community structure and the position of sawflies (Diprionidae) in the community 85
Selection
Genetic variation in *Eucalyptus diversicolor* F. Muell. in Western Australia and potential gains from selection 285
Site preparation
Early response of *Eucalyptus saligna* to site preparation and fertilisation at Sao Hill, Tanzania 303
Stem deformation
Stem deformation in fast grown *Pinus radiata*: an investigation of causes 189
Temperature
A laboratory study of the effect of temperature on red pine seed germination 145
Thinning
Thinning and climate effects on growth of beech (*Fagus sylvatica* L.) in experimental stands 1
Toorour syndrome
Stem deformation in fast grown *Pinus radiata*: an investigation of causes 189
Tree growth models
Identifying fast-growing native trees from the Neotropics using data from a large, permanent census plot 123
Tree improvement program
Development of a tree improvement program with *Pinus maximinoi* in Colombia 313
Tropical reforestation
Identifying fast-growing native trees from the Neotropics using data from a large, permanent census plot 123
Validation
Corroborating models with model properties 271
